## **Miles Davis/Gil Evans: The Complete Columbia Studio Recordings (# 164) (LP)**

### **Discography**

Note: The original tapes are starting to show their age. Miles Ahead session reels in particular have numerous dropouts - worn spots on the tape causing the audio to fade briefly. Besides an occasional dropout, the Porgy And Bess originals were cut up (heavily edited) while in production. Many trial edits and experiments in spliced takes were created. Not all the pieces were saved, nor were the uncut safety reels kept. Even previously unissued material contain scars and gaps from this process.
